

# ICPS 2024

## Friday, 9 August 2024

### **Student Lectures (Biophysics): Bph-01 - 219 (11:30 - 13:30)**

time	[id] title	presenter
11:30	[7] New opportunity to look insight the viral world using optical methods	Mr KAPANADZE, Sergi
11:50	[112] Embracing Machine Learning for Inverse Problems Based on Spectroscopy	Mr SOKOŁOWSKI, Marek
12:10	[136] EEG/MEG source analysis of the visual evoked response	ABRAHAM, Zoé
12:30	[185] On the possibility of existence of living organisms on pulsar exoplanets	RAMISHVILI, Nino
12:50	[189] Exploring biological tissue through optical spectroscopy: Modelling and Experiment	TSULUKIDZE, Luka
